The Riverside County Department of Environmental Health, Solid Waste Management Program, acting as the Local Enforcement Agency (LEA) is Certified by the Department of Resources, Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste sites within its jurisdiction. The Blythe Sanitary Landfill operates under the SWFP issued by the LEA. On September 14, 2016 the operator filed an application for a SWFP Modification with the LEA. As required by Title 27 CCR, Section 21660.3, the LEA is distributing this notice for the purpose of noticing its acceptance of an application for the modification of the SWFP for Blythe Sanitary Landfill.

Description of project:

The SWFP Modification application addresses the extension of the closure date from June 2047 to August 2047, adjusting design capacity based on current survey and changing the owner/operator name from Riverside County Waste Management Department (RCWMD) to Riverside County Department of Waste Resources (RCDWR).

LEA'S Determination:

An application for SWFP Modification was received by the LEA on September 14, 2016 and was accepted October 12, 2016. The LEA's preliminary determination is that the proposed permit modification be approved. The proposed change is nonmaterial and would not result in any physical change that would alter the approved design or operation of the facility.

Where to Get Information:

A copy of the Solid Waste Facility Permit Modification application is available for public review by appointment in the LEA office located at 47-950 Arabia Street Suite A Indio, CA 92201.

Options for Submitting Comments and LEA Contact Information:
