

Join our Team!!

Take advantage of this unique opportunity to get to know us and to let us get to know you. Becoming an Environmental Health intern lets you test drive a career and help make a difference!

We offer unpaid internships to students and graduates who are interested in pursuing a career in the field of Environmental Health. An internship is a great way to learn more about this exciting profession while working side by side with Environmental Health Specialists.

Projects may include:

- Research
- Public outreach
- Creating educational literature

You will also be given the opportunity to shadow inspectors as they conduct field inspections in various programs.

The experience and exposure you will receive is extremely valuable. Being an intern often proves beneficial for those seeking a future in Environmental Health.

Application Process

1. Contact the Environmental Health Internship Coordinator to discuss current internship opportunities.

Richard Martinez
Special Projects Program
4065 County Circle Drive
Riverside, CA 92503
Phone: (951) 358-5172
Fax: (951) 358-5017
RiMartin@rivco.org

2. Upon passing the initial internship interview, you will be contacted by Human Resources to obtain the required paperwork and background check.
3. Once completed, you will be called in for a scheduling appointment with the Environmental Health Internship Coordinator to discuss a start date and internship details.

*Our intern program typically consists of 200 internship hours completed in multiple programs within Environmental Health. Other schedules may be accommodated upon request.
